

TEE TIME

GOLFING to Benefit Boys and Girls

More than \$250,000 was raised at the twentieth annual Fore the Kids golf tournament held at The Golf Club at Fiddler's Creek last November. The money raised will support the **Boys & Girls Club of Collier County**'s programs in Naples and Immokalee, as well as seven school-based sites in Immokalee.

Chief Development Officer for the Boys & Girls Club of Collier County Jennifer Nelson was particularly grateful, saying, "Proceeds of this event are critical to supporting our mission to empower all young people, especially those who need us most, to reach their full potential as

productive, caring, and responsible citizens."

The Boys & Girls Club of Collier County annually serves more than 3,500 children and teens, ages 6 to 18, through clubs and after-school programs, providing a safe place for young people to learn, grow, and develop ongoing relationships with adult mentors, through the generosity of sponsors, donors, and friends. REAL ESTATE

RITZ RESIDENCES Break Ground in Naples

Industry leaders, local dignitaries, architects, engineers, designers, and future owners gathered for a ground-breaking ceremony of **The Ritz-Carlton Residences, Naples**. The signature waterfront enclave on Vanderbilt Beach Road—from the condominium division of Stock Development—will be the first of its kind in Naples.

The 6-acre development will feature 128 doors spread throughout five boutique buildings; amenities comprise a 22-slip marina, a park and putting green, and a 28,000-square-foot club, fitness center, and full-service spa. There will be rooftop lounges, as well as 22,000 square feet of outdoor amenities, including a resort-style

pool, a lap pool, cabana suites, and fire pits. The three-, four-, and five-bedroom homes and the penthouses will be delivered in 2026. More than \$300 million in sales—with more than half of the units sold—have been reported to date.

About the Gulf-front enclave that has experienced a phenomenal response among homebuyers, Brian Stock, CEO of Stock Development, says, "Our dream for this project has been meticulously crafted and perfected over many years," adding, "celebrating this latest accomplishment is a point of overwhelming pride."
